## **Brad Oldham International**

**Brad Oldham** : sculptor, placemaker, fearless fabricator, business owner

From public community spaces to private homes, sculptor Brad Oldham has elevated many environments worldwide with his site-specific artworks and has earned recognition. In 2011, the Texas Society of Architects recognized Oldham with their prestigious Artisan Award and heralded as the Artist/Craftsman of the Year by the American Institute for Architects. In 2010, the Americans for the Arts included his \$1.4 million installation *The Traveling Man* in its prestigious *Year in Review* program.

In his large-scale sculptures that enhance the communities and in the collections of sculptures created for individual retail sales, the viewer will see that Oldham's meticulous craftsmanship, passion, and creativity are cast into every sculpture he creates. He enjoys exploring his visual aesthetic to communicate stories, yet the quality work of his work remains constant, strong.

Oldham's list of sculptures is long, and his work may be viewed around the globe. His public pieces on display include locations such as the Center for Brain Health in Dallas, Texas, along with his work entitled *Whimsy* in the city's Exall Park and a 28-piece, indoor-outdoor installation at the Lumen Hotel. In 2007, the artist's work was featured in a month-long installation on *Good Morning America*. Recent commissions for Oldham's work include sculpture for the National Geographic headquarters in Washington, D.C., the entrance of Mitchell Park Library in Palo Alto, California, the Wayne Gretzky Sports Centre in Brantford, Ontario, and the Baku Flame Towers in Baku, Azerbaijan.

## **Brad Oldham International**

**Christy Coltrin** : writer, collaborator, creative director, business owner

Brad Oldham and Christy Coltrin bring art, humor and beauty to life through sculptures and stories. The two have collaborated on public art installations and private commissions officially for eight years, and much longer unofficially.

Christy's career was launched as a market analyst in the commercial real estate market in Washington, D.C. and through the years she transitioned into marketing for esteemed luxury automotive brands, such as Mercedes Benz, Maserati, Volvo, Lexus and Porsche. The fast-paced businesses of real estate and cars proved to be great training to join Brad in leading Brad Oldham International.

Collaborating with Brad on sculpture concepts and stories taps into Christy's passion and skills in a powerful way. Once the concept is agreed upon, she proceeds to write and to produce the materials that support Brad's sculpture. Many of the duo's sculpture collections are accompanied by a book in which Christy demonstrates her creative direction, design eye, and writing mastery. This year, Christy debuted her first collection of gifts, *Tiny Sparks*, about which she created the small artworks, high-design packaging and website. Within the last few months, these talisman-like pieces have been picked up by several outside retailers, and they open new marketing channels for the company.

In 2014, Christy oversaw the opening of the new Brad Oldham Studio Store in downtown Dallas. The store, event venue and market testing space provide a new access point to purchasing a Brad Oldham sculpture and gift. This business unit complements the public and private commission sculpture work for which the company is known.

Re: Veteran Sculpture Donation—For review at Council meeting June 1, 2015

Dear Chuck,

Thank you for taking the time to visit with me and discuss the Veteran Sculpture that my client wishes to donate to the City of Ferris. Per our recent discussion and walk around the city, I will create a public art sculpture to be installed in one of four locations around the Ferris town square.

**Locations:**

*Option 1:* In front of the pavilion; landscaping and additional work performed by the City of Ferris to beautify the pavilion building will be needed.

*Option 2:* Facing the railroad depot, to the left in the open area between the road and the railroad tracks.

*Option 3:* Small area off 5<sup>th</sup> Street next to the parking lot, currently has crepe myrtle trees and one fire hydrant.

*Option 4:* Small area opposite the pavilion in the railroad depot parking lot, currently has a historical marker on the history of Ferris on site, which would need to be moved.

**Sculpture Concept Description:** The concept and design are in development to honor U.S. veterans. What is known about the public art installation is that it will incorporate the five branches of the military: Air Force, Army, Coastguard, Marines, and Navy. One concept in development is to create a wall, using Ferris Bricks in the design, that will tell a story or series of stories through in-set, sculpted bas-relief panels (see below *The Birth of A City* sculpture for a bas relief example). In addition to the bas-relief panels, the concept features five smaller, three-dimensional sculptures that will be cast into bronze and placed on custom granite bases. The value of the installed sculpture will range from \$100,000.00 to \$200,000.00. A letter of authenticity describing the installation with the final value will be provided for your records upon completion.

**Brad Oldham International, Inc.**

I will serve as the primary communicate contact on this project for the City of Ferris. Shop drawings and renderings will be provided for submission to TXDot. The electrical elements for lighting, the structural, and other hard costs pertaining to the completed sculpture will be covered in full by my client. I will provide minimal-maintenance landscaping as part of the installation. The city will also be responsible for the on-going maintenance of the landscaping and LED supporting the installation.

**Requirements by the City of Ferris:**

1. Letter of Approval, accepting this gift. Written approval is needed immediately to proceed with concept, designs and other required work for the sculptural installation.
2. Letter of Final Acceptance, acknowledging ownership of the public art installation when it is completely turned over to the City of Ferris. The letter should include reference to the added maintenance of site to city responsibilities.
3. Assistance with submissions to TXDot for approval in right of way.
4. Commitment from Economic Development to use funds to beautify pavilion, if site described as Option 1 is to be used.

The Veterans Sculpture is an anonymous gift to the City of Ferris. This installation is also a personal honor to sculpt and to make. I an in awe of the courage my fellow Americans show in defending our country. I hope that my respect for veterans carries through to the viewer in a memorable manner.

Enclosed is background information on my company and its leadership. We look forward to working with the City of Ferris on this important public installation.

Sincerely,

Brad Oldham
